

BLACK HAND ACTIVE WHILE SHERIFF HUNTS

Two More Hold-Ups in
Westchester Picketed
by Deputies.

(Special to The Evening World.)
WHITE PLAINS, N. Y., Aug. 28.—Although Sheriff Merritt still has his deputies hunting the Black Hand in the upper section of Westchester County, the members of the secret band are still active.

The Sheriff was notified to-day from Katonah that Irving Knapp, a driver at Lewis' livery stable, was held up near the Cross River dam late last night by two Black Hand men, who robbed him of \$100 in cash, a watch-chain and ring. Knapp was returning from the dam, where he had gone to take a passenger, and as he reached the bridge over Cross River two men sprang out with revolvers in hand and shouted: "Hands up!" in broken English.

One of the handits grabbed the horse by the bridle while the other covered Knapp and made him give up his valuables. The robbers then fled over the hills, firing a parting shot at their victim as they went.

This was followed by another complaint from Hawthorne, where 32 latrine are employed on a new structure. A man was seen to be carrying a department of the black hand for two weeks.

The most recent of these was marked with a skull and crossbones, and informed him that if he did not meet the "Grand Secretary" of the society at Bowery and Grand street, New York City, on last Sunday night with \$1,000 he would be dead within the week.

The Italian paid no more attention to this letter than he did to the others, and had almost forgotten it when yesterday at noon three strange Italians entered his store and began shooting at him with revolvers.

When he fled to the back of the store for protection one of them grabbed the cash drawer, containing about \$30, and all fled.

BIGGEST FLOCK OF SONGBIRDS COMING

Operative Advance Agent Gorlitz Says Metropolitan Will Have Great Opera.

Ernest Gorlitz, of the Metropolitan Opera-house, who returned on the steamer Krompkins Wilhelm to-day, brings word that Manager Conried, who is in Berlin, will leave Sept. 5 with a large party of his song birds to begin active work for the coming season. Mr. Gorlitz says the impresario-manager has done the hardest summer's work in his life, and is happy over the success he has met with. He has employed some of the finest singers of the Berlin Grand Opera as well as the long list of prima donnas and male singers already announced. He will bring many singers with him, but most of them will come on ships leaving about the same time.

Mr. Gorlitz expressed great indignation that the promoter Vachon should have been held by the immigration officers under a charge that he was a trachoma.

Other passengers on the steamer were Mrs. Hermann Geirons and her son Hermann Geirons, Jr., Mrs. Wesley Merritt, George Westinghouse and George M. Hahn, proprietor of the St. Regis. Mr. Hahn thinks that the noise of Europe are excruciating and would that some enterprising American has not built rail hotels there before.

Austin G. Nichols was among the passengers interested in pools on the daily run. He won the Aug. 27 pool of \$16 when the run was 662 knots.

DRAGGED BY HORSE.

Peter Burke Injured in Trying to Stop Animal.

A horse attached to a buggy belonging to Joseph Lettieri, a contractor, of No. 197 Edison avenue, the Bronx, today took fright at an automobile while standing in front of the Westchester Police Court and ran away.

Peter Burke, who attempted to stop the animal, was thrown down and dragged forty feet, receiving several contusions. Lettieri's wife and child, who were in the carriage, were uninjured.

The automobile was the property of Mrs. J. V. Roberts, who had called at the court to see Magistrate Crane.

ICE JUST NOW SILTS UP ON INDEPENDENTS

Bronx Men Barred from
Old Wholesale Rate
of \$5 a Ton.

The Ice Trust has notified all of the 1,500 or 2,000 independent ice dealers of the Bronx that after to-day they will not be supplied with ice at the old wholesale rate of \$5 a ton. The intentional delay of the company in giving ice to the independents yesterday and to-day when the dealers' wagons waited three and four hours for their customary supplies indicated to the dealers that the company would not sell them ice tomorrow at any price, and that they were on the verge of being driven out of business.

Anticipating trouble which might result if the independents attempt to seize the ice, as they threaten, the commanders of police have arranged to have reserves on duty in the two Bronx depots of the American Ice Company early to-morrow.

Two Depots in Bronx.

Heretofore the independents have obtained their supplies of ice in the yards of the American Ice Company at One Hundred and Fifty-first street and Westchester avenue, where the ice is landed on regular ice-boats, and at Brook avenue and the Harlem River, where it is delivered in freight cars of the New York, New Haven and Hartford Railroad and also in boats.

It has been reported that the independents to obtain their day's supply of ice at these depots between 4 and 5 o'clock in the morning. Both yesterday and to-day, although there was the usual supply of ice in both yards, the wagons of the independents were kept waiting three and four hours without any apparent reason. To-day more than 30 wagons were waiting in the Brook avenue yards at 9 o'clock, most of them having been there since 4 o'clock.

By getting their ice early the independents have been in the habit of starting the delivery to families at 7 o'clock and getting through by 10 or 11 o'clock.

The independents waiting this morning said that the wagons of the American Ice Company had no trouble in getting ice and that they started out to take away the customers of the independents while the latter were being refused.

Denounces the Trust.

Michael Zeentzer, of No. 811 Union avenue, who is one of the biggest independents, was boiling with rage to-day when he heard of his wagons waiting for and unable to get ice.

"This is merely a trick of the trust to take our business from us," he said. "Our customers must have ice. If we cannot deliver it to them they must get it somewhere else, and if the trust is the only one which can sell them ice they will buy it from the trust."

The trust has informed me that after to-day it will not sell ice at the wholesale rate. I understand that it even does not intend to sell ice at any price, but intends to gobble up all the family trade itself.

"What will the independents do if the trust does not give us ice to-morrow?" "Well, we will get the ice if we have to take it by force, that's certain."

Among the other large independents affected are M. H. Bowles, No. 425 Morris avenue, M. M. Nieuwstadt, No. 1084 Stebbins avenue, and E. Springhorn, One Hundred and Forty-fourth street and Wales avenue. All of these have from eight to twenty wagons which deliver ice to families. Zeentzer said he had more than 30 customers who had to be supplied with ice by A. M. or their ice-boxes would go dry and they would get ice where they could.

Trust Commands Silence.

In the Bronx offices of the American Ice Company no information was given out for the public. A young man, who said he was the assistant manager, said the officials of the company had directed them to say, if questioned, that they knew nothing.

"Yes," he said, "we have been ordered to say we know nothing. To you we don't even know the price of ice. We don't know if we are selling ice."

Capt. Price, of the Bronx Detective Bureau, will have most of his detectives in the yards of the American Ice Company early to-morrow and they will co-operate with the large number of uniformed police who have been assigned to the yards to preserve order.

The men have been informed that they will be paid \$3.00 for a day of ten hours on the motors and assistant motor engineers—corresponding to the present firemen—will be paid \$3 a day. This scale, it is said, will reduce the wages of engineers about \$17 a month, but they hope to reach a compromise.

All the engineers are members of the Brotherhood of Locomotive Engineers. The electrical equipment of the New York Central will not be ready until October, and the suburban service will not be inaugurated until some time after that.

BRICKS DELAY THOUSANDS.

Truck Wheel Gives Way, Dumping Load on Car Tracks.

A misplaced load of bricks tied up two car lines in Harlem to-day and caused a forty-minute delay for thousands of persons bound for work. The truck, owned by the Fitzpatrick Trucking Company, lost a forward wheel opposite the car line of One Hundred and Twenty-fifth street and blocked both tracks, thus shutting off the cross-town line and the East George cars.

By the time five workmen had loaded the bricks on other cars One Hundred and Twenty-fifth street was filled with long lines of waiting cars.

CRUISERS GOING TO ASIA.

WASHINGTON, Aug. 28.—It is expected that very soon after the review of the Atlantic fleet by President Roosevelt the squadron of cruisers under Rear-Admiral Brownson will sail for the Asiatic station by way of Europe and the Bore Canal.

INDIAN SWIMS EIGHT MILES AND LANDS AT CONEY

Pasquale Red Cloud
Fights Against Swift
Tide and Wins.

Pasquale Red Cloud, a little Indian with a face like an insouciant Chaudron, swam to-day from Fort Washington, S. I., to Coney Island, wrestling part of the way with one of the swiftest tides on this coast. He started at 7:30 o'clock A. M., and landed at 11:30 in fairly good shape after covering a distance of about eight miles.

Red Cloud belongs to the Moqui snake dancers in Dreamland. He is the champion athlete in the party, being an expert swimmer and a pretty fair pugilist. On his long swim to-day he was accompanied by a rowboat containing two white men, William Allenbury and Maurice Cubin, and two Indians, Hattie Perro, his trainer, and John Rattle Tree.

Red Cloud was greasing his body before entering the water when a sentry applied him and ordered him off the fort reservation. Accordingly the boat dropped down to a point about a hundred yards below the embankments, and at this point the Moqui jumped in and began on his long journey.

The tide was running out through the Narrows. He was carried along at a brisk clip. He had to go nearly to Brighton Beach on the outer side before the tide turned and gave him a chance to work his way back toward the Narrows.

Here he got into difficulties and seemed on the point of giving up, but Perro, his partner, shouted certain things to him in Moqui which had the effect of putting ginger into him and he swam on to the shore.

CHANGED THE CHARGE THEN FINED PRISONER

Magistrate Crane Had Scruple
Against Punishing Man for
Loitering.

Dominico Compello, of Hoffman and One Hundred and Seventy-seventh streets, was arrested by Detective Crane, of the Bronx Bureau, and arraigned to-day before Magistrate Crane, in Westchester Court.

"What's the charge?" asked the Magistrate.

"Carrying a concealed weapon," said the policeman.

"How did you find it out?" "We saw him loitering and arrested him. When we searched him we found a dagger with a five-inch blade."

"Was it hidden, or was it in his hand?" "Well, he said he had a right to loiter." Ten thousand people loiter in New York every day. Change the charge to something else.

The detective made a complaint of disorderly conduct and the prisoner was fined \$5.

CONSUL GOT OUT AFTER SCARE REPORT

Bowens, Who Is a Negro,
Caused Gunboat to Be Sent
to French West Indies.

WASHINGTON, D. C., Aug. 28.—G. Jarvis Bowens has resigned as American Consul at Guadeloupe, French West Indies. He left the service shortly after the rioting in Guadeloupe which caused him to send alarming reports to the State Department about the dangers which threatened American interests in Guadeloupe. He declared that the situation was serious beyond local control.

In consequence of his report an American gunboat was sent to the island to the displeasure of France, which had warships near Guadeloupe and was prepared to check election riot.

An investigation of conditions is said to have shown that the American Consul was not warranted in making such alarming reports and this is believed to have been the cause of his withdrawal from the service.

Bowens is a negro and was appointed from Virginia and went to the post at Guadeloupe June 24, 1906. His successor has not yet been appointed.

INFANT RUNAWAYS FOUND FAST ASLEEP

Brother and Sister Leave Home
in Williamsburg and Cross
Bridge to Manhattan.

Nestled in each other's arms, William Bird, nine years old, and his sister Rose, seven, who ran away from their home, at No. 43 Milton street, Greenpoint, Brooklyn, yesterday afternoon because they feared their mother's wrath when they had spent money she gave them, were found asleep early to-day in a hallway at No. 33 second avenue by Patrolman Dealing, of the east Twenty-second street station.

The boy told the police a lot of misleading stories at first, but when reproached for lying by his little sister, he later told what the police believe to be the truth.

He said that their mother gave Rose a quarter to buy a waist for herself. He went with her and persuaded her to let him have the money. He spent the quarter on candy, and when it was eaten they feared to return home. They wandered about Greenpoint, then across the Williamsburg Bridge, and through the East side to the hallway in second avenue, where Dealing found them. They had become so tired that they could walk no further. The police will return them to their parents to-day.

S. S. S. STANDARD TONIC

The ingredients of which S. S. S. is composed, and the method of combining and preparing them so that they gently and pleasantly build up and strengthen every part of the body, make it the ideal tonic for a disordered condition of the system. Every one feels the need of a tonic sometimes. The system seems to get "out of gear," the appetite becomes fickle, the energies are depressed, sleep is not restful or refreshing, and the entire body has a nervous, worn-out feeling. When the system is in this depleted, run-down condition it must be aided by a tonic, and S. S. S. is recognized everywhere as the standard. Being made entirely of roots, herbs and barks selected for their gentle action as well as their invigorating effect on the system, it will not disagreeably affect any of the delicate members or tissues as do most of the so-called tonics on the market which contain potash or some other harmful mineral ingredient. These derange the stomach and digestion, unfavorably affect the bowels or otherwise damage the health. S. S. S. tones up the stomach and digestion, improves the appetite, produces refreshing sleep, rids the body of that tired, run-down feeling, and supplies tone and vigor to the entire system. It re-establishes the healthy circulation of the blood, acts more promptly and gives better and more lasting results than any other tonic, and because of its vegetable purity is an absolutely safe medicine for young or old. S. S. S. acts admirably in cases of dyspepsia, indigestion and other stomach troubles, and after using it that uncomfortable feeling of fullness, flatulence or drowsiness, after eating, are no longer felt. Not only is S. S. S. the greatest of all tonics but possesses purifying and alterative properties, and if there is a taint in the blood it will promptly remove every trace and restore perfect health. In selecting your tonic for this year do not experiment but get S. S. S., the recognized standard.
